

INSTAGRAM USER MANUAL

ITEWEBAPP1

Navigation

Sign Up Page

- ❖ Enter the necessary information such as First Name, Last Name, Username, Email, and Password to create an account.

- ❖ Click **SIGN UP** to confirm.

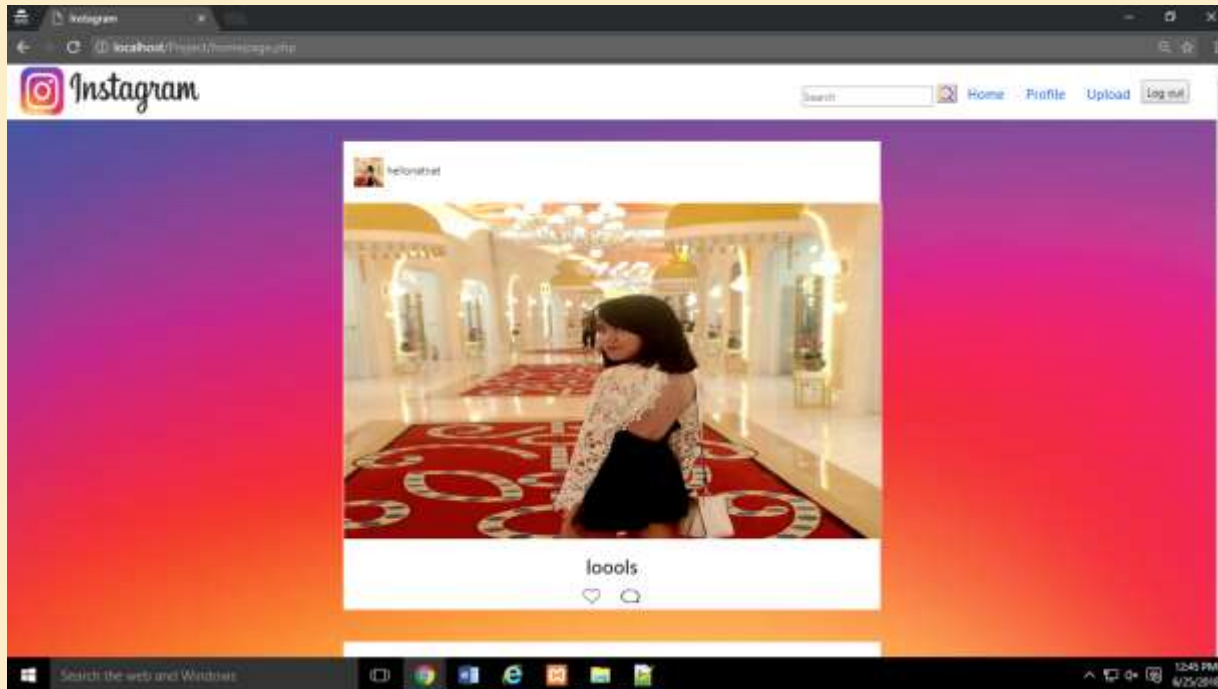

- ❖ “Already have an account?” would lead the user to the **LOG IN** page instead.

Navigation

Log In Page

- ❖ When an account has already been made, enter the chosen Username and Password to enter.
- ❖ Click the **SIGN IN** button to continue.
- ❖ "New to Instagram?" would lead the user to the **SIGN UP** page.

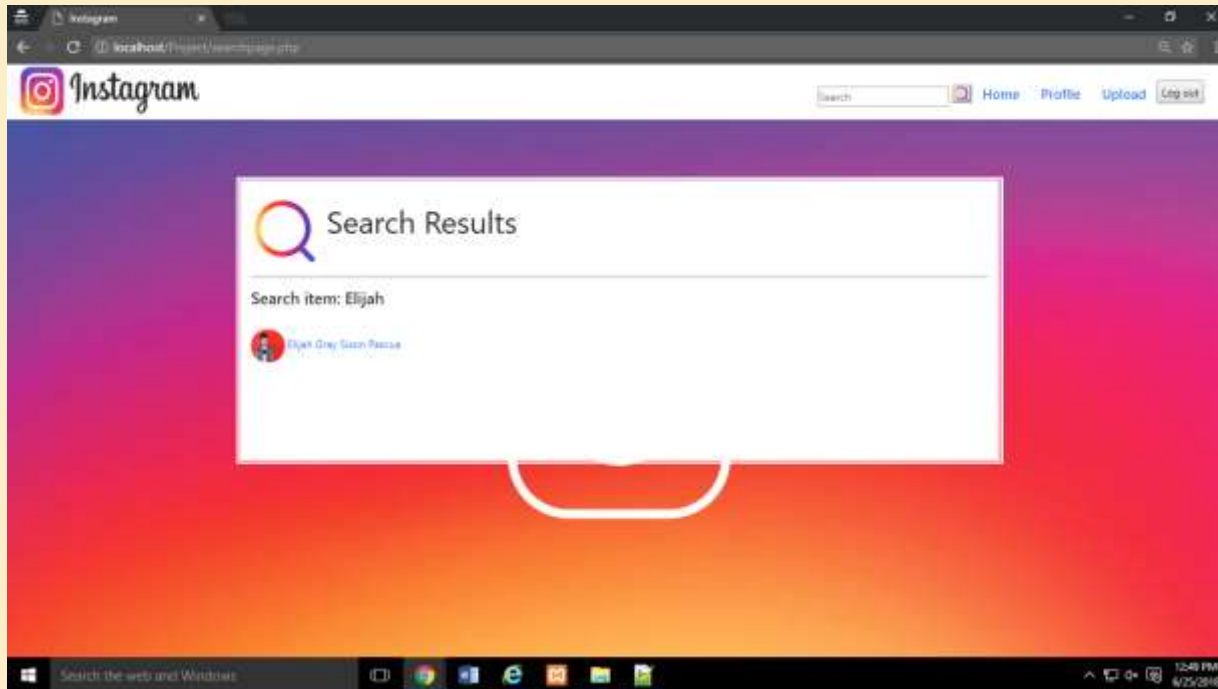

Navigation

Instagram Feed/ Home Page

❖ This is the main interface of the website. By clicking the **HOME** button, the user can browse through their own uploads or the uploads and stories of those who they follow.

❖ The user can **LIKE** (♥) or **COMMENT** (the speech bubble beside it) to interact with the user or the people they follow's uploads and stories.

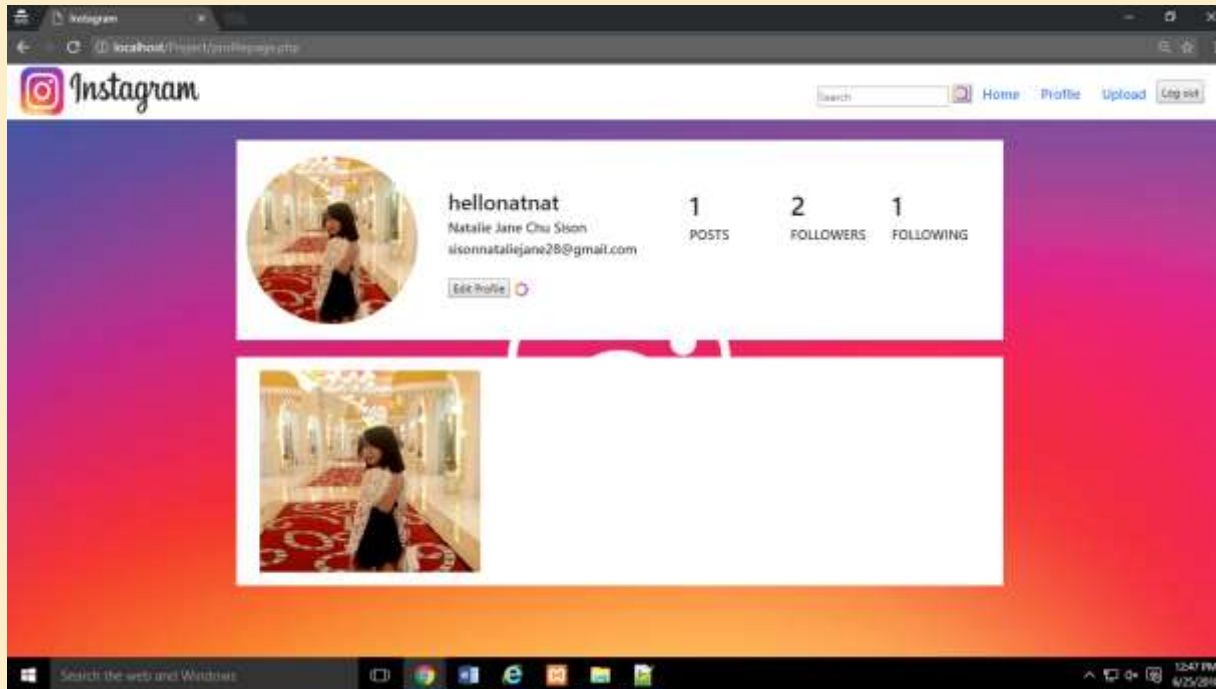

Navigation

Search Bar and Results

❖ The user may search for a particular existing account by entering the account's name. Click the **SEARCH** icon (🔍) beside the search bar and that will lead the user to the Search Results Page.

❖ The user then would browse through the results until the selected account has been located.

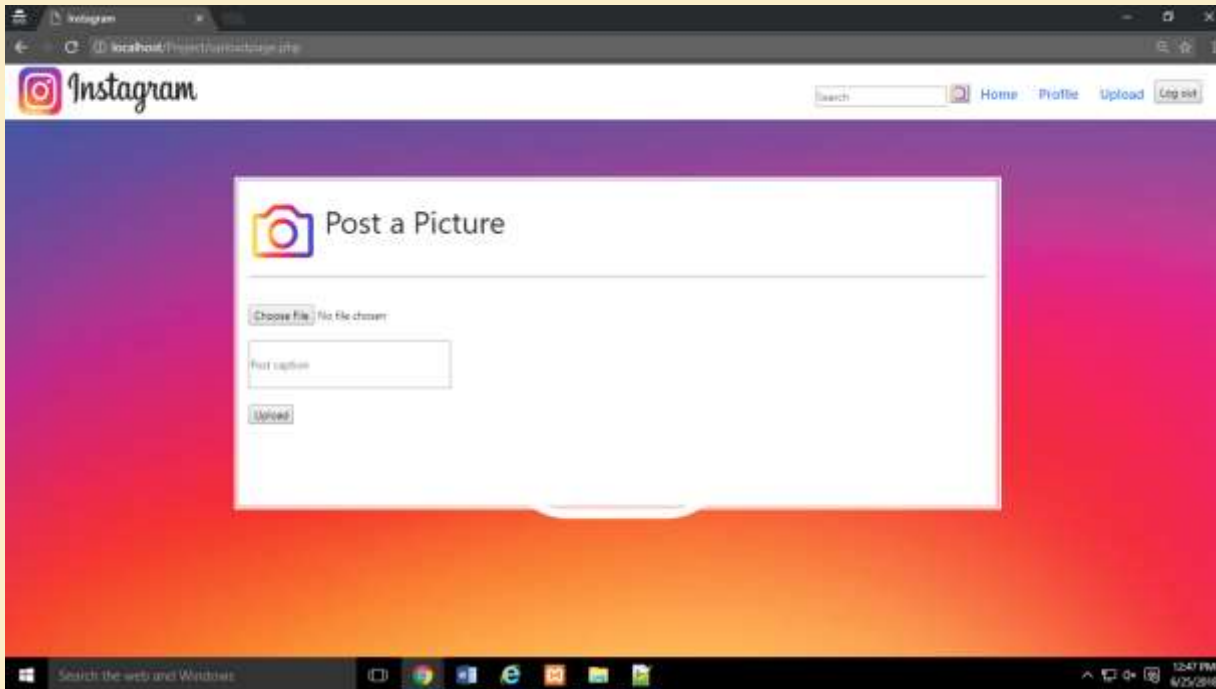

Navigation

Profile Page

❖ By clicking the **PROFILE** button, it will lead the user to their own profile page. There, the user can browse their own uploads and see how many posts they have made, the people who followed them, and people who the user themselves follow.

❖ The **EDIT PROFILE** button would allow the user to edit their information that they have displayed on their profile, change its privacy settings, and even their profile picture.

Navigation

Upload Page

❖ By clicking the **UPLOAD** button, this is where the user can upload their own photos (using the **CHOOSE FILE** button), and add a caption to said picture. It will then be posted on the Instagram Feed and the user's Profile Page.

Search Home Profile Upload Log out

Navigation

Log Out Button

❖ This is where the user can log out from their account so the next user will not have access to the first user's profile.

❖ Clicking the **LOG OUT** button will lead the user back to the Log In Page.
